

Briefly About Inna Moshkovich, Abstract Painter and Art Moment Gallery's Curator

"My art is a form of communication with the viewer. I aim to leave a mark on the senses as an ocean wave or a sudden touch. I am looking for my place in the rainbow of colour," Inna Moshkovich.

"Current body of works is inspired by my travels. Black & White mixed media experimentations aim to create a feeling of movement and dance," Inna Moshkovich.
